Head Teacher: Mr Simon Pollard

Dear Parent / Carers

This week has been a busy week for everyone in school with external visitors monitoring the climate for learning and checking up on our teaching of Read, Write Inc and writing. We are pleased to say we have had very positive feedback.

Unfortunately, illness is also on the rise. Remember if anyone has symptoms of Covid 19 you need to book a PCR test. Lateral flow tests don't work if you already have symptoms. Currently, only the person with covid-19 (or waiting for results) needs to isolate.

Next week is Libraries week. Have you visited the library recently? It's free and they have a great selection of children's books. You can take home a big bundle to read and share. St Austell library is open 9-5 Monday to Friday and 10-1 on Saturday.

The 7th October is National Poetry Day. I have included a poem about poetry in this newsletter as a starting point to talk about and share poems.

Best wishes

Simon Pollard

I am currently reading.....

When I was a kid
poetry seemed boring
complex words on a page
that almost left me snoring
I felt no connection
the language seemed foreign
if it fought for my attention
it was pointless warring
I was introduced to texts
held in high esteem
I did recognise the genius
but they meant nothing to me
All that changed
when I heard an M.C.
speak a poetic language
that really hit deep
it's like I woke up
from being fast asleep
everything seemed to slow down
I felt my soul leap
I was amazed
how his words transformed him
from being a skinny geek
into someone enormous
He gained energy
as he kept performing
Something was awakened in me
that was dormant
it deeply moved me
to pick up a pen
and put down lines of my own
lots of gems
I discovered, buried deep in my soul
I dug deeper
struck oil and found gold
now I share all these riches
that I've found
communicating feelings and thoughts
through sound
now that's poetry I'm glad
that I've found
the kind that speaks to me
right here and right now

at Home

4th October 2021

What's going on this week?

Encouraging people to use buses more often is to be a central part of the Government's plan to reach net zero by 2050. Bus stops will be heated and have changing rooms and Wi-Fi in a bid to create eco-friendly park and rides for cyclists. They will also act as a focal point for cyclists, electric car drivers and rail commuters to switch easily between different modes of transport, with bosses calling the new stops mobility hubs.

Things to talk about at home...

- 🌱 Where is the nearest bus stop or train station to where you live? What is it like? Do you use it?
- 🌱 What is public transport like in your local area? What is your preferred type of transport?
- 🌱 Do you think mobility hubs will make more people use public transport? What would you like to see in them? E.g., shops, services, facilities etc.

Hello Autumn!
