Dear Parents and Carers

It never ceases to amaze me how much progress the children in Foundation Stage make between September and Christmas. How many adults would be able to put on such an amazing Nativity only weeks after starting a new job and learning many new skills? Well done to everyone involved.

Thank you to the Friends who made it possible for all the children from Year 2 to 6 to visit the cinema and watch The Muppets Christmas Carol on Wednesday. The children thoroughly enjoyed the trip. The Friends are an incredible support to our school and their success depends on parents and carers turning up to the events. It was fantastic to see so many at the Christmas Fayre last weekend where over £2500 was raised.

We never take parents support for granted so were very proud to receive an award for being the St Austell school that raised the most money for the Poppy Appeal this year. Then this week you supported the Save the Children through wearing a Christmas jumper and raised another £120.

Look out for messages from individual classes about Christmas party arrangements for the coming days.

Best wishes

Simon

In the news this week

Nasa officials have recently announced that humans could live on the Moon during this decade. They wouldn't be living there permanently, but could stay for long periods to carry out scientific research. Howard Hu, who leads the Orion lunar spacecraft programme for Nasa, said they would need to create homes on the lunar surface to support scientific expeditions. Nasa's plan is that the next mission would have a crew onboard, followed by a third, where astronauts would land on the Moon. This would be the first manned Moon trip for Nasa since Apollo 17, 50 years ago, in December 1972.

Things to talk about at home ...

- Share what you know about the Moon and the history of Moon landings. Do you know anyone who remembers that time in history?
- Share your thoughts on a possible base on the Moon. Do you think it is a good idea?
