Contact during exceptional circumstances: Safeguarding Concerns

It is important that all children, families and professionals are able to contact key staff to share information in respect of safeguarding and concerns. To add additional capacity during this time of school closure, CELT will create a bespoke email for the Primary and Secondary settings within our trust. The email for all concerns at Carclaze is:

primarysafeguarding@celtrust.org

This email address will provide an automated message response which states that the email will be monitored during office hours (Monday to Friday)

The email addresses will be monitored by the Chief Information Officer for the Trust, who will then forward emails to the appropriate safeguarding teams in schools/academies for action.

However, you should contact Social Care and Police if you believe a child or young person is at risk of imminent harm.
