Head Teacher: Mr Simon Pollard

Dear Parents/Carers

This week we had a visit from Sarah Karkeek, Deputy Trust Lead. Although Sarah is regular keeping up to date with what is happening at school this is the first time for a while that she has been able to physically visit classes, due to covid-19 restrictions.

I wanted to share some of her comments with you as I realise it has also been a long time since most parents and carers have been in to school.

"It doesn't matter who you speak to everyone is welcoming and caring. There is an atmosphere of care throughout the school."

"You should be proud of your school. I am proud of it."

Care comes first in our list of values, so it is fantastic to see our efforts being recognised.

I hope you enjoy the Bank Holiday weekend, whatever the weather!

Best wishes

Simon

I am currently reading.....

Arrangements for 'Staggered Drop off and Collections'

Foundation Stage - Patio Entrance at 8.45am - Collect 3.00pm

Year 1 - Patio Entrance 8.45am - Collect 3.00pm

Year 2 - Field Gate 8.45am - Collect 3.00pm

Year 3 - Patio Gate 8.35am - Collect 3.10pm

Year 4 - Bike Shed 8.35am - Collect 3.10pm

Year 5 - Bike Shed 8.35am - Collect 3.10pm (changed from previous message)

Year 6 - Field Gate 8.35am - Collect 3.10pm

Younger children can continue to go with their older siblings at the allocated time slot.

Please (for safety reasons) drop off and collect as close to your time slot as possible. Please do not hang around on the school site for longer than is necessary.

If you wish to speak to the office you can call 01726 74194 or email

secretary@carclazesch.org

Wrap Around Care:

In order to reserve your place, it will have to be **booked for and paid for in advance, by Friday lunchtime**. Failure to do this will mean that your child will not be allocated a place and you will be expected to collect your child at their normal collection time.

Late collection fees will be charged to cover the staffing costs required for unplanned supervision and you will be expected to clear this fee before your child can attend another session.

Wrap Around Option	Time	Cost	Additional Information
Breakfast Club	7:30am to 8:35am	£3.50	At 8:35am children will be taken to their classroom where a teacher will be present
Busy Bees Option 1	End of school until 5:00pm	£7.00	You can collect your child at any time during this period but they must be collected by 5:00pm.
Busy Bees Option 2	End of school until 5:30pm	£10.50	You can collect your child at any time during this period but they must be collected by 5:30pm.
Late Collection fees	If you are late collecting your child and you collect any time after 5:00pm (for option 1) or 5:30pm (for option 2) you will be charged a £5 late collection fee and you will be unable to access the wrap around care until this fee has been paid.		

Sun Cream and Sun Protection

As the weather warms up - please can we request that Sun Cream is applied before the School Day. Do not send children in with Sun Cream in their bags. If you could also ensure a sun hat/cap is kept in your child's school bag (named) then we will ensure they wear them when out on the field. Please ensure your child has a drinks bottle with them as they can refill and drink as much as they want during the day.

Many Thanks

PE Days - Summer Term

Phase 1 - Monday, Tuesday and Thursday

Year 2 - Monday, Wednesday and Thursday

Year 3 - Tuesday and Friday

Year 4 - Tuesday and Wednesday

Year 5 - Monday and Friday

Year 6 - Wednesday and Thursday

Children may come into school (on their PE Days) wearing PE Kit. This can include a tracksuit bottoms and hoodies if the weather is chilly.

Picture News

at Home

3rd May 2021

What's going on this week?

The retailer Marks and Spencer (M&S) has begun legal action against supermarket Aldi, arguing the supermarket's Cuthbert the Caterpillar cake infringes its Colin the Caterpillar trademark. M&S claim that their similarity leads consumers to believe they are of the same standard and "rides on the coat-tails" of M&S's reputation. M&S wants Aldi to remove the product from sale and agree not to sell anything similar in the future.

Things to talk about at home...

- 🍌 Have you ever tried a caterpillar cake? Can you remember which one it was? Did you enjoy it?
- 🍌 Do you think other shops should be allowed to produce their own caterpillar cakes? Explain your answer.
- 🍌 Can you think of any other foods or products that are very similar to each other?

Certificate Winners - Week Ending 30 April 2021

Polkerris - Celebration - L.Bannister for trying hard learning his numbers 10-20. Fairness - L.Perks for being kind to her friends and making sure they are included.

Charlestown - Celebration - H.Edyvean for settling into school and making new friends. Fairness - A.Hume-Gurney for being a kind friend and always trying her best.

Pisky Cove - Celebration - M.Winterton for using amazing AA sentences and descriptive language in his writing this week. C.Morgan for his amazing robot movements to the beat in music.

Porthpean - Celebration - D.Rogers for using fantastic vocabulary in her English work. M.Vercoe for amazing counting in 2s, 5s and 10s. Fairness - R.Willis for treating his classmates equally and sharing.

Fairness - F.Orchard for always sharing and taking turns with his friends.

Greenaway - Celebration - J.Hammond for a positive attitude and focus on his work and F.Scott for being a really good friend and working much more quickly.

Perranpoth - Celebration - P.Doorey-Yates and Fairness - V.Flannaghan

Carlyon Bay - Celebration - L.Tsangari for working so hard on his writing target to improve his handwriting. Fairness - M.Finnemore for working with others well in class, being respectful and playing well.

Harlyn Bay - Celebration - A.Davis for a superb character description of the professor from Narnia. Fairness - for S.Prynne for always supporting others who need it in and out of the classroom.

Bamaluz - Celebration - J.Miles for learning in lockdown to support his work in school and R.Clinton for responding positively to adult feedback and trying to improve his work.

Hemmick - Celebration - C.Dale for excellent attitude to his learning this week, allowing him to move forward with his learning. M.Garside for always having a can do attitude and working hard in all subjects.

Polzeath - Celebration - Z.Saunders for always listening well and for always following instructions. T.Downer for your enthusiasm in English this week.

Prefects - M.Santana

Carclaze Science at Home

BEFORE YOU START! Please read through this with an adult:

- * Make sure you have read the 'IMPORTANT NOTICE' on the back of this page.
- * If you have a space outside that you can use safely, then you can do the 'Try this outdoors' activity outside. Do not worry if not as you could still do it indoors.

ROCKET SCIENCE

1.

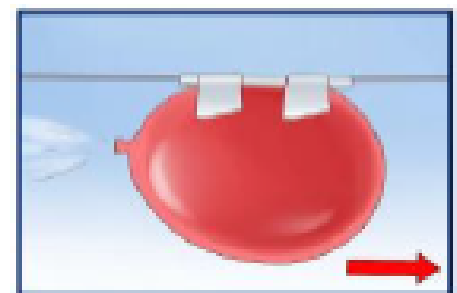

TRY THIS INDOORS ... CRAZY BALLOON

Blow up a balloon and peg or pinch the neck to keep the air in. Cut a straw in half and thread it onto a long piece of string. Then tape it to the balloon in two places. Clear a space and tie the string between two chairs, or have one person holding each end, making sure the string is stretched tightly. Pull the balloon to one end and unclip the peg. It should go shooting along the string.

You will need:

- * A balloon
- * Drinking straws
- * String
- * A clothes peg
- * Sticky tape
- * 500ml bottle (empty)
- * Cork to fit bottle
- * Kitchen roll
- * 1 tablespoon of bicarbonate of soda
- * Vinegar

WHAT DO YOU NOTICE? Things to talk about ...
What happens if you blow the balloon up more?
Does it go further or faster? How can you tell?
What could you measure? What if you used a different shaped balloon or changed the string for wool? What happens if you make the balloon more streamlined, e.g. by attaching a nose cone to it?

2.

TRY THIS OUTDOORS ROCKET LAUNCH

SAFETY NOTE: You need a clear empty space for this activity. An adult should do steps 4 and 5 and anyone else should keep well back. Eye protection is recommended.

1. Tape 3 straws to the side of a 500ml plastic bottle so it will stand up, upside down.
2. Pour about 2 cm of vinegar into the bottle, and wrap the bicarbonate of soda in the kitchen roll to make a little parcel.
3. Choose a hard surface outside to be the launch site.
4. Drop the bicarbonate of soda parcel into the bottle.
5. Cork the bottle quickly and tightly, put the rocket down and STAND WELL BACK!

WHAT DO YOU NOTICE? Things to talk about ...
Try experimenting with different amounts of vinegar and baking soda to find the perfect combination. Remember you do not want the reaction to happen too quickly. What if you try lemon or lime juice instead of vinegar?

3.

WHAT IS THE SCIENCE? A chemical reaction takes place between the vinegar and bicarbonate of soda, which produces a gas called carbon dioxide. This builds up inside the plastic bottle. When the pressure of the gas in the bottle is high enough the cork is forced out. The downward force of escaping gas causes an upward force on the bottle, making it shoot up into the air. This is an example of Newton's Third Law of Motion: for every action there is an equal and opposite reaction. The balloon rocket works on the same principle. The air rushing out of the balloon (the action) causes the balloon to move forward (the reaction).

We would love to see how your experiments go. Please send any pictures/videos to Mrs L May on eSchools. It would be great to hear any comments/discussions that happen. Let's work together to make Science fun!!!

Hello Summer!

Friends of Carclaze

It has been a very challenging year for fundraising but the Friends have done an incredible job in diversifying fundraising events. We will soon have the amounts collected for both the smartie challenge and the Captain Sir Tom Moore 100 challenge.

We plan to hold another smartie challenge before half term - more information to follow.

Don't forget the other ways of fundraising where you can help i.e. using Amazon Smile when ordering from Amazon and EasyFundraising when ordering from the following :
