Please see above link to Cornwall Council Guidance on getting a test for Covid:

#### **Where are the test centres in Cornwall?**

There are normally 4 mobile testing units that work across Cornwall, but you must book a test and not just turn up, as you may be turned away.

The website or 119 hold details of where the testing units are going to be, but these only appear a few hours before the morning and afternoon session of testing begins.

Service locations sometimes vary but are often available in the following areas, but as they rotate venues often, there will be differing availability.

- Camborne
- Falmouth
- St. Austell
- Bude
- Launceston

There are also permanent testing facility available at Plymouth and Exeter.

Please only get a test if you have symptoms.

Dear Parents and Carers,  
Thank you for all your support this term. Despite all the Covid-19 protocols in place we have managed a smooth return to school.

We will continue the system as it is currently running after half term as we are now all familiar with it.

We would like to say a huge thank you to Asda for all the wonderful items they gave us for our Breakfast/After School club.

I hope you have a fantastic half term break.

Kind regards

Simon Pollard

Head Teacher

### **eSchools / spellings**

The reason why we send spellings home via eSchools is so that everyone gets in the habit of regularly logging in because if there is a local lockdown or children are self-isolating this will be the main method for providing work.

If you need a printed spelling list please let your child's class teacher know.

### **Hand Sanitiser**

We have plenty of hand sanitiser

children do not bring their own.  
The most effective way to keep  
Covid-19 away is regularly  
handwashing with soap and water.  
The children are supervised  
washing their hands throughout  
the day.

# Picture News

at Home

19<sup>th</sup> October 2020

What's going on this week?

19th-25th October

Is selling red noses a  
good way to raise  
money?

Comic Relief has announced that from 2021 its red noses will be plastic-free for the first time. The new noses will be made from bagasse, a natural by-product of sugar cane, and take more than 18 months to create! The charity, which "strives to create a just world free from poverty", made the change after it received letters and emails from the children of Foulanesend Community Primary School asking them to create a plastic-free version of the nose to help reduce plastic waste.
